

CONFIDENTLY OVERCOME THE CHALLENGES ASSOCIATED WITH COMBINING SPI DATABASES

SIMPLIFY YOUR SPI LANDSCAPE

Successfully blend multiple SPI databases; reduce supports costs and improve ease of use; promote better tag management, application integration, consistent standards and higher data quality.

Reduce the burden of maintaining multiple Access Rights, User Preferences, SPI Projects (in Owner Operator mode databases), Oracle instances/schemas (databases), hardware infrastructure, and SPI Support costs by reducing the number of databases.

Beaconsuite™ Database Blend addresses the real need for a robust, safe mechanism to blend SPI databases.

BENEFITS

Makes it easier to find and report on data by not having to search multiple instances

Minimizes risk of tag number duplication

Enables future Unit duplication possibilities across the SPI Plant hierarchy within the one database

Reduces IT maintenance costs e.g. fewer databases

Facilitates the long-term goal of integration with other design tools and SmartPlant Foundation

FEATURES

Reports Standards differences between two databases. An intelligent auto mapping algorithm efficiently maps pick-list selections (e.g. Instrument Types)

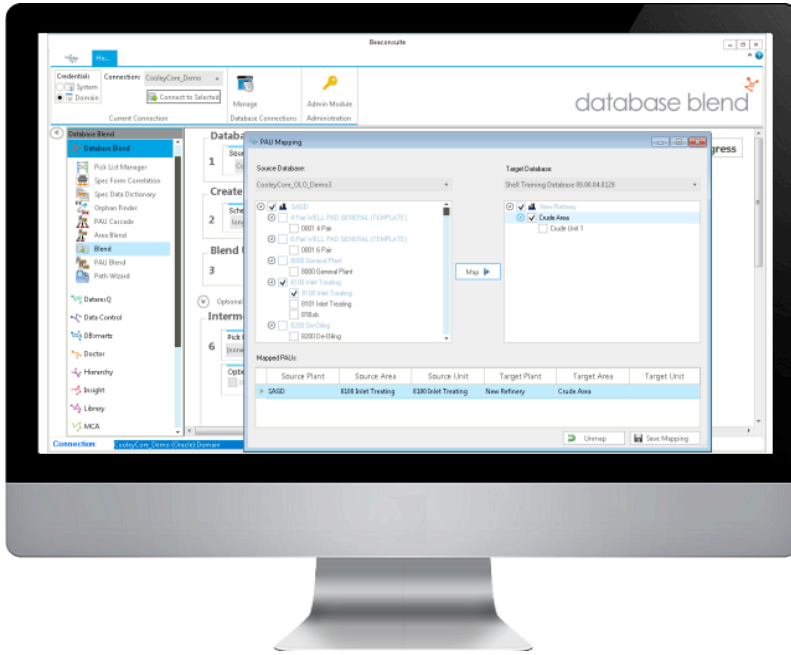

Transforms the source database standards while blending the data into the target database

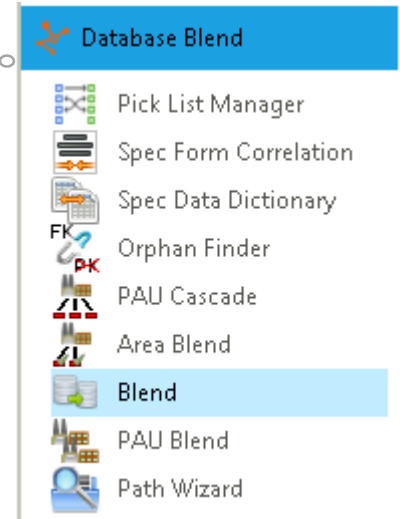

Leaves the source database untouched while blending its data into the target database

Identifies bad data prior to blending the databases and in some cases, fixes the bad data

Visually see
 source, target and future state

**SUCCESSFUL BLENDS
 REQUIRE MANY FUNCTIONS;
 BEACONSUITE HAS THEM**

**TECHNICAL
 SPECS**

- Desktop deployment and installation via electronic download
- Oracle and MS SQL Server databases
- .Net Framework 4.5 or higher
- Windows 7, 10
- MS Office or MS Excel 2007, 2010
- 4GB of RAM

Included in your download, you receive:

- Installation manual, including system requirements
- Installation media
- One year license key
- User manuals
- Free setup support
- A comprehensive warranty

Technical Support:

- Monday to Friday (excluding statutory holidays), 8am – 5pm MST
- Support@cooleycore.com
