

ACCESS ACCURATE INFORMATION FOR IMPROVED SAFETY

SmartPlant® Enabled

Identify critical changes and increase the quality and accuracy of the information available to field operations, removing risks that may impact projects and employee safety.

Beaconsuite™ Project will alert you if requested information is claimed to a different project, reducing the frequency of concurrent engineering. Report warnings to effectively manage, update, close out and merge projects into your SmartPlant® Instrumentation As-Built section. Monitoring and reporting capabilities quantify the complexity of pending project close outs, enabling accurate budgeting and timelines.

More importantly, understanding open and pending projects through Beaconsuite™ Project protects facility operations and employee safety by providing the most up to date information at the moment it is needed.

BENEFITS

Protect your data integrity by tracking high risk project changes

Improve on-site safety by reducing concurrent engineering

Ensure field employees have the latest information

Improve efficiency by identifying low risk projects that can easily be closed

FEATURES

Quickly and effectively report all Owner/Operator projects

Display number of active and inactive projects

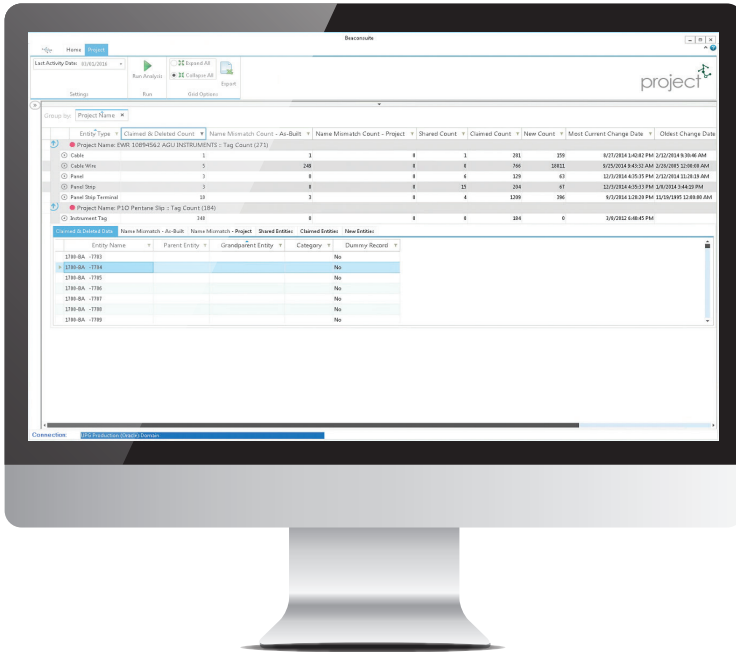

Identify projects that share data and which assets are shared

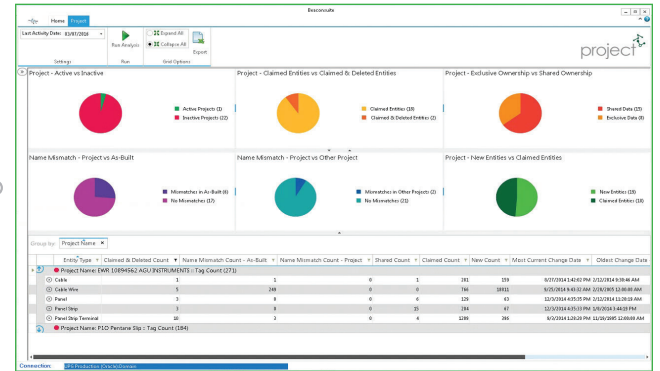

Quantify project close out complexity, including claimed, deleted and renamed assets

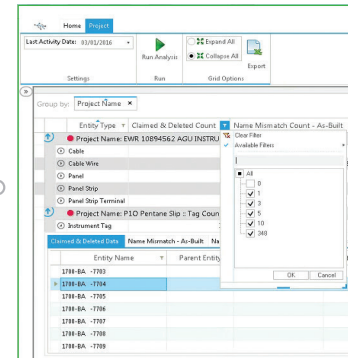

IMPROVE DATA INTEGRITY AND FACILITY SAFETY BY IDENTIFYING INACTIVE PROJECTS

Dynamic grid display

Project grid results to analyze individual records

Filter results using a similar mechanism as MS Excel to view projects that have claimed data

TECHNICAL SPECS

- Desktop deployment and installation via electronic download
- Oracle or Microsoft SQL Server Databases
- Oracle Client (with Oracle Databases only)
- .Net Framework 4.5 or higher
- Windows 7, 8, 10
- MS Office or MS Excel 2007, 2010
- 4G of RAM
- SmartPlant® Instrumentation version 2009, 2013

Included in your download, you receive:

- Installation manual, including system requirements
- Installation media
- One year license key
- User manuals

Technical Support:

- Monday to Friday (excluding statutory holidays), 8am – 5pm MST
- support@cooleycore.com

CooleyCore™ provides free set-up support

- We stand behind our products with a comprehensive warranty
